ing notice from the Advertiser of the 6th: THE KUNKELS.—The long expected visit of this very popular company will actually take place on Friday and Saturday nights of this week. This Troupe is without doubt the most popular in the South, eclipsing all their predecessors. They have been acknowledged to be without rival in merit by all the Southern press where they have had the pleasure of giving their entertainments. And it is mon the repeated testimony of so many of their dmirers, that we base our present notice, assuring our numerous readers that, in no place where they have been, have they failed in success, both in the character of their concerts and the overflowing numbers in attendance. There seems to be a characteristic melody in Ethiopean songs which finds favor with the most refined. We have never examined into the reason of this partiality, but the fact that it is so, is enough for all practical purposes. Geo. Kunkle has, by his genius, combined a company of artists whose performances are unsurpassed and, in making this statement, we only doringly justice to him and the musical ability of his troupe.

NEW MIISTO We are indebted to J. B. West, music seller on Union street, for the following late publications. Our friends will find several choice pieces of music in this list, Mr. W. keeps constantly all the late issues from the music press; also a general assortment of instruments, &c.

Post Horn Galop, by Kornic; The Rival Schottish, by Francis H. Brown; Bouquet De Bal, a collection of favorite Polkas and Waltze, by various authors; Grande Fantasie de Concert, by WM. VINCENT WALLACE; Lotus Leaf, by the same composer, Katg-did Polka, by JULIEN; Oleona Polka, by HERB-MAN S. SARONI, formerly of this city and now of Charleston, S. C.

THEATRE. Bernanc had a crowded house on the occasion of his benefit, on Monday night. In this we were not disappointed. BERNARD is a favorite here and it when his benefit was announced.

At the moment of writing this, we cannot say whether Hanns had a good house last night or not. He deserved one, at all events. To-night is set apart for the benefit of Miss KATE

Resonons, and a capital bill is presented. We expect to see the fullest house of .he benefit season. Certainly if all who have been charmed by her acting attend, the capacity of the house will be LIFE INSURANCE.

It is an much a man's duty to provide against leaving his family penniless, after his death, as to provide for them while living.

No safer, surer, or less onerous plan can be adopted than by paying a small sum annually for a Life Policy in a good Company. Such a Company is the Mutual Life Insurance Company of New York. H. R. Pack is the agent during the absence of his brother, P. P. Pack. See advertisement.

THE ODEOCAMO.-Wonder what that means? We received a letter last evening from the agent of this "concern" requesting us to state that it will be exhibited in our city about the 10th inst, Perhaps our readers can form some idea of the "animal" by the following from the Philadelphia Ledger:

THE OPROCAMO -The exhibition of this bea ful and interesting Panoramic work closed on Friday evening, to a crowded house, and each evening during the week, hundreds were unable to gain admission, so great was the rush to see it. It is about twice the size of ordinary Panoramas, well executed, and presents in a very effective manner, the many different varieties of scenery, of ocean, mountain valley plains, &c., on a trip of eight thousand miles. Mr. W. H. Seymour, late a Surveyor in California pronounces it strictly correct and says it will give, a better idea of that country than any other work painted. From this, it is taken immediately South. siting during the winter, Havana, and the cities of Mexico. It is the work of a young Artist, Mr. Chas. Peck, and under the management of Dr. Chambers, so extensively and favorably known as a liberal and gentlemanly caterer of fashionable and instructive amusements, in whose hands we know it will succeed. Success attend it.

THE CAMPBELLS.—The admirers of this Company will be glad to learn that they are drawing large and fashionable audiences in the Crescent city. Of their success in that city the Picayune speaks as tol-

France has officially notified Austria that she must remain neutral; strictly neutral in this war, the alternative being war. Drogea Dehays has made an energetic reply to Nesselordts circular and distinctly notifies him that France will aid the Turks to maintain the integrity of their Empire. The mail that came to hand the morning the Europa sailed would indicate that there had been a good deal of lighting, if these extras are to be beheved, whenever the advanced posts or scouts we were sure "something would turn up" to show of the two armies came in contact, but without any result of importance.
